

PRESS RELEASE

Engineered Polymer Solutions and Ravago Chemicals Expand Partnership

Chicago, October 4, 2022. EPS[®] - Engineered Polymer Solutions and Ravago Chemicals North America have announced an expansion of their long-standing strategic partnership, following the integration with Specialty Polymers, Inc.

EPS and Specialty Polymers are integrating under the EPS brand to provide a broader portfolio of high-performance polymers and pigment dispersions to coatings manufacturers while continuing to offer enhanced technological expertise and exceptional formulation support.

Ravago Chemicals has been the distributor of EPS resins and CCA colorants in the US since 2003. Starting **October 14, 2022**, the company will become the exclusive national distributor of RayCryl, RayFlex, RayKote, RayTech, RayRez and other water-based acrylic polymer lines.

"Ravago Chemicals has been a great business partner for EPS, and we are excited to expand our strategic national distribution alliance," said Lynn Spataro, EPS Vice President of Sales and General Manager. "We look forward to creating a seamless transition for all our customers."

"The expansion of our agreement with EPS to include Specialty Polymers, Inc. reflects Ravago's commitment to offering innovative products and increased value to our mutual customers," said Hector Rodriguez, Ravago's Commercial Vice President of Chemicals. "We are well positioned for long-term growth in the coatings industry as a solutions provider."
